South African Tourism is a statutory body whose main objective is to promote tourism to and within South Africa, by marketing the country as a tourism destination both internationally and domestically. Section 217 of the Constitution of the Republic of South Africa, 1996, prescribes that goods and services must be contracted through a system that is fair, equitable, transparent, competitive and cost-effective where every potential supplier is given the opportunity to offer goods and services to South African Tourism when needed.
