

OVERVIEW

Following close on the heels of Kloof Street Hotel, Old Bank Hotel will open towards the end of 2020. Dating back to 1902, the gracious **Old Bank Hotel** was originally built as, you guessed it, a bank. Designed by the acclaimed Architectural Firm of Black and Fagg, this beautifully restored Heritage Site will house a 50-bedroom hotel, in St Georges Mall, a stone's throw from St George's Square with its market stalls and trendy cafes.

Old Bank Hotel will exude Victorian charm and old-world sophistication while offering all the modern conveniences and luxuries of the 21st century.

The entrance to the hotel is via a towering domed glass arch on the ground floor where a doorman will meet you and guide you up to the impressive 8th floor Reception 'Parlour and Drawing Room'.

Oozing charm and sophistication, it will boast a 66-seater Restaurant, display Wine Cellar, B&F Bar, an indoor- and outdoor garden Lounge and rooftop terrace where guests can languish and unwind while taking in the beauty of the Mother City.

The celebration of classic Victorian architecture and modern design is continued throughout the hotel, with beautifully restored wooden floors, slash windows and high ceilings being the focal point of the spacious bedrooms and en-suite bathrooms with modern elegance and luxurious finishes. Choose between Deluxe or Superior Rooms, Suites, or the impressive Presidential Suite. Old Bank Hotel will be Disabled Friendly, offering 2 disabled rooms and a Disabled Refuge on each floor.
