

THE MALAMALA GAME RESERVE

MalaMala is one of the largest private game reserves in Southern Africa and is world-renowned for offering the finest and most consistent Big Five game viewing on the continent.

The exceptional wildlife is due to the:

- Vast size of the MalaMala property (13 200 hectares / 33 000 acres)
- Additional traversing on Kirkman's Kamp (2 680 hectares / 6 600 acres)
- 19km / ±12 miles of unfenced boundary with the Kruger National Park
- 20km / ±13 miles of Sand River frontage
- No shared traversing on 70% of the MalaMala property
- Position of the camps on the western side of the river, ensuring no human habitation on 95% of the property
