Exhibitor Package

RATES

R90 100(Vat not applicable).

The international shows have increased their participation costs in line with their respective country inflations. South African Tourism has however decided to keep the 2019 co sharer participation rate to ensure subsidized participation for the industry. This means the organisation will incur majority of the costs as these platforms are part of the recovery strategy for the country.

Given the current unpredictable circumstances that comes with the Covid-19 and also the visa challenges. SA Tourism has to strategically look at alternative means and mitigate the risk of participation. This is to guarantee participation in spite of any prevailing situation, as such SA Tourism is proposing that all co-sharers identify an in-country representative. This representative will be able to manage diaries and meet with the buyers physically on your behalf in an event there are travel bans and other challenges.

As an exhibiting partner, your fees will contribute towards a percentage of the total cost of the participation. South African Tourism (SAT) will subsidize a percentage of your physical participation.

Benefits of exhibiting with the SAT on the South African Pavilion

- Booth (Physical Stand)
- Onsite Presence
- Product Listing IBTM World Directory
- Access to Appointment System with Buyers
